### Trips must as planned

As an A type who plans everything down to the T, Lucy is the complete opposite of spontaneous Lexy.

Although she excels at planning and organizing, when unanticipated situations abruptly arise, Lucy gets flustered and doesn't know what to do. This is when Lexy comes in to the rescue.

Thanks to Lexy, Lucy is able to adjust and adapt to the unforeseen.

### Trips don't always go as planned

With a very carefree personality, Lexy enjoys just playing by ear.

Her flexible, easygoing personality helps her to enjoy herself even in the most unexpected situations.

With her go with the flow personality, she knows how to truly enjoy travelling.
